# I.S.P.O. 20<sup>th</sup> World Congress

The premier global event for mobility products

With a mission to reach the global community, the World Congress of the International Society for Prosthetics and Orthotics (ISPO) travels from region to region. For the first time in 10 years, the event will be returning to Europe!

**Become an exhibitor and join the community from 16 to 19 June 2025 in Stockholm, Sweden!**

## Event profile

Every two years, professionals involved in the support of persons in need of mobility products, assistive technology, and rehabilitation services meet at the I.S.P.O. World Congress, which combines a high-quality scientific programme with an international industry exhibition.

## Organiser

INTERNATIONAL  
SOCIETY FOR PROSTHETICS  
AND ORTHOTICS

ISPO is a global, multidisciplinary, non-governmental organisation aiming to improve the quality of life for persons who may benefit from prosthetic, orthotic, mobility and assistive devices. ISPO provides an effective platform for the exchange and communication on all aspects of the research, practice, and education associated with the provision of prosthetic and orthotic care, rehabilitation engineering, and related areas.

## Science in Practice, Practice in Science: Collaboration and innovation towards sustainable rehabilitation

Themed “Science in Practice, Practice in Science: Collaboration and innovation towards sustainable rehabilitation”, the event will shine a spotlight on the vital intersection of science and practice in prosthetics and orthotics. We will aim on sparking discussions on best practices, with a focus on driving sustainable rehabilitation. ISPO’s core mission, bridging science and practice, remains the linchpin. At the heart of the World Congress lies a commitment to the United Nations Sustainable Development Goals (UN SDGs).

# Top 5 reasons why you should exhibit

## 1. Attractive host country and access to the European market

With the long history of P&O development in Northern Europe and multiple major manufacturers in the region as well as the proximity to other European countries, you will have access to one of the biggest and most influential markets of the industry.

## 2. Strong European attendance

Delegates will be expected from a broad range of European countries which will offer potential access to these markets.

## 3. Long established international community

Take advantage of ISPO's well-established community with over 3,300 members in 100 countries as well as more than 70 national member societies worldwide that will ensure the global promotion of the event. ISPO International will host its 20<sup>th</sup> World Congress together with its regional societies from Sweden, Norway, the United Kingdom and the Netherlands! Be connected to the ISPO community bringing together the leading experts, professionals and decision-makers worldwide.

## 4. Diverse opportunities for networking and recruitment

Use the familiar atmosphere of the community and exchange with exhibitors, delegates and other key players of the industry. The congress will also host numerous networking opportunities, such as a big welcome reception, guided tours or the legendary congress party where you can enjoy the Swedish culture and the midsummer season in a relaxed atmosphere!

## 5. Leading global event for mobility products in 2025!

Stockholm is Sweden's capital city and an amazing place to visit. Located in the eastern part of the country and built on 14 islands surrounded by vast expanses of open water, it is a unique and memorable city. Anywhere you go in this cosmopolitan capital city, you are never far from a picturesque park or other scenic spot. You will love the impressive historic sights and attractions, art galleries and museums, often within easy walking distance of one another. What's more, this metropolis is one of the most dynamic, creative and exciting cities in the world.

Extend your stay and enjoy the Midsummer Festival that begins right after the World Congress has ended. Midsummer marks the official start of summer and is one of Sweden's most important holidays. This is a celebration you can't afford to miss!

STOCKHOLM

## Venue

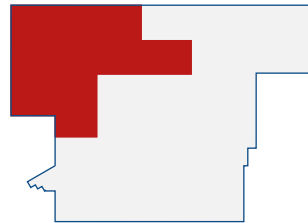

Stockholm is ranked as one of the most popular congress destinations in the world and with its strong commitment to sustainability, this capital city is also the perfect location for our event. The congress will be taking place at Stockholmsmässan, Scandinavia's largest venue for trade fairs, conferences and events. Congress sessions and exhibition will be closely linked with each other with only short walking distances.

## Travel and accommodation

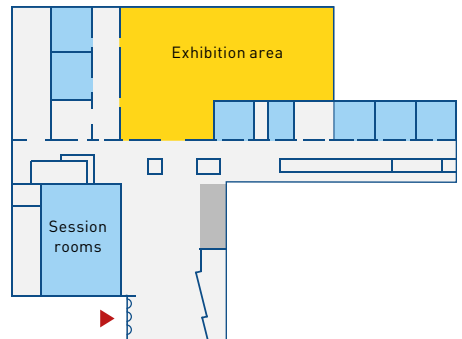

With direct flight connections from over 150 destinations worldwide, getting to Stockholm is easy. The Arlanda express takes you conveniently from the airport to the central station within only 18 minutes. At central station, you can easily switch to the commuter train that takes you to Stockholmsmässan in 9 minutes. You will be able to choose among a number of hotels in different price categories. You can decide whether you would like to stay in the city centre, which is only a short train ride away, or if you want to stay in walking distance of Stockholmsmässan. Preferred rates will be available via our local partner.
